

HSL

The universal skirtings are impressive on many different floor coverings. The HSL compact foam strip is available in three heights and many attractive finishes. It is an optimal floor to wall transition for different textiles, elastic and hard floor coverings.

Advantages at a glance:

- highly flexible skirting
- flexible lips to wall and floor / no re-jointing required
- robust surface
- simple and quick installation
- can be punched
- 100% moisture-proof

SURTECO GROUP

Advantages at a glance

Foamed PVC based Polyblend (all components REACH compliant), suited for all types of floor covering.

Increased flexibility offered by a more robust surface and improved soft lips, that adapt to uneven floors and walls and allow seamless wall abutment.

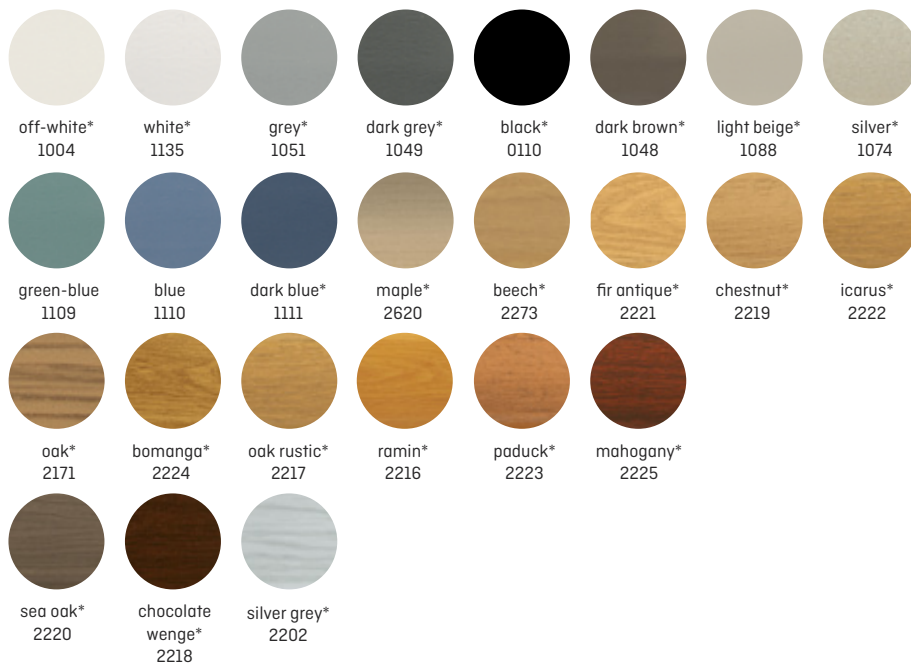

Simple installation using the Döllken punch and press-on inserts.
